

# Chamber, Transportation Group Endorses Accelerated Funding Plan

The Davis Chamber of Commerce is part of the Northern Utah Transportation Alliance, currently campaigning for a November ballot proposal to accelerate and fund construction of crucial highway and mass transit projects. The ballot proposal includes a one-quarter of one-percent sales tax increase.

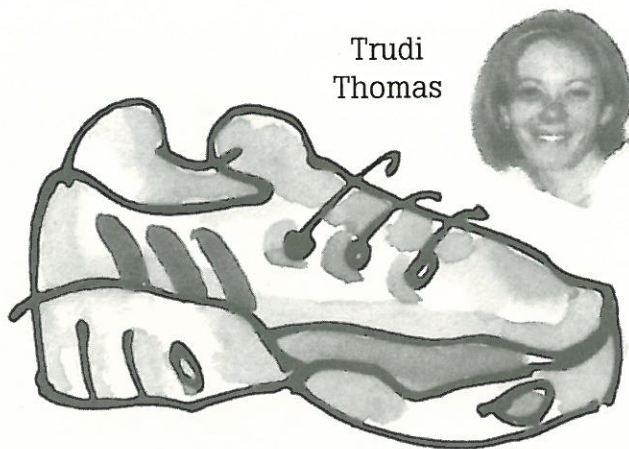

Also the Utah Transit Authority (UTA) has launched an updated and improved Web site to better help the public find information on the Authority's transportation offerings online. The site, still located at [www.rideuta.com](http://www.rideuta.com), is more visually appealing than past versions and offers users more efficient and streamlined navigation properties. In addition, the site allows users to access information on current and future projects and view rider information, such as maps and schedules. The site is also designed to be accessible to those with disabilities.
